Warner's Safe Cure

Unless Your Kidneys are Healthy

The following testimonial from an aged lady, near the century mark, shows the wonderful curative powers of SAFE Five Block.

"I NEVER HAVE A PAIN."

"Gentlemen—I had a great deal of back sich and sickness, and did not know that it was caused by the diseased condition of my kidneys and liver. As soon as my have at last completed the taying of five blocks of mains. The company have are like a woman in years younger. My kidneys are me and bladder are in a healthy condition since I used SAFE CURE, and a healthy condition since I used SAFE CURE, and a healthy condition since I used SAFE CURE, and a curse and now I never have a pain in my back. I am St years old, and ethoy the very beat of health."—Rebecca Smith, Westheld, N. J.

Kidney disease, if neglected, quickly spreads and causes acrious complications, such as Bright's Disease, Gravel, Diabetes, Rheumatism, Rheumatic Gout, Indignation, Urinary, Liver and Bladder troubles.

TEST YOUR KIDNEYS.

you are unable to quietly and calmly perform your daily tasks or care for your children.

The relation of the nerves and generative organs in women is so close that nine-tenths of the nervous prostration, nervous debility, the blues, sleeplessness and nervous irritability arise from some derangement of the organism which makes her a woman. Fits of depression or restlessness and irritability. Spirits easily affected, so that one minute she laughs, the next minute weeps. Pain in the ovaries and between the shouldews. Loss of voice; nervous dyspepsia. A tendency to cry at the least provocation. All this points to nervous prostration.

Nothing will relieve this distressing condition and prevent months of prostration and suffering so surely as Lydia E. Pinkham's Vegetable Compound.

condition and prevent months of pros-tration and suffering so surely as Lydia E. Pinkham's Vegetable Compound.

cultural, horticultural, live stock and other industries represented by the farmers and manufacturers, and "Whereas, We believe that a state fair cannot be made a success without the active support of all the citizens of Shawnee county, therefore "Resolved, That a public meeting is hereby called to meet in the Commercial club rooms in the city of Topeka on Saturday, April 8, at 2 o'clock p. m. to which the farmers, gardeners, stock men, fruit growers, agricultural, horticultural and live stock associations, grangers, farmers, institutes and all other farmer organizations are invited with a view of making such arrangements as will secure the holding of an old fashioned state fair.

"If the business men of the city contribute the necessary money, they want to know that the people of the county will make the fair a success from an exhibitor's standpoint."

It is now up to the Kansas Exposition company to adopt the suggestion of the entertainment committee, and drum up a crowd for the meeting. The exposition company will not get the \$4,000 it needs unless the entertainment committee is satisfied that the farmers are going to back up the fair project.

An "Old Fashioned" Fair.

It was the unanimous sentiment of

An "Old Fashioned" Fair.

It was the unanimous sentiment of the committee that the efforts of the Commercial club should be devoted exclusively toward getting the state fair back on the old fashioned basis where more attention is paid to the pumpkins, live stock and big red apples. The horse racing feature will take care of itself, under the skillfull management of Secretary Charles Samson, but the agricultural and horticultural features will not amount to much without the co-operation of all the farmers in the county with the people of the city.

Major T J: Anderson said he would go before the meeting of the exposition company Wednesday and propose the following arrangement of the proposed fair:

Secretary Samson to have entire charge of the horse races.

A separate superintendent to be appointed for each of the following departments: live stock, agriculture, horticulture, admissions and concessions.

A general superintendent in charge An "Old Fashioned" Fair.

Topeka or it would command a ready sale to the residents of North Topeka for filling their lots, as dirt for this purpose is almost impossible to obtain on that side of the river. This matter

Congressman Phil Campbell and Congressman Reeder are in Topeka today and Congressman Curtis has returned. After finishing his work in Washington with the adjournment of congress, Mr. Curtis went to visit his daughter, who is attending Wellesley college, Massachusetts.

condition and prevent months of prostration and suffering so surely as Lydia E. Pinkham's Vegetable Compound.

Mrs. M. E. Shotwell, of 103 Flatbush Avenue, Brooklyn, N. Y., writes:

"I cannot express the wonderful relief I have experienced by taking Lydia E. Pinkham's Vegetable Compound. I suffered for a long time with nervous prostration, back-ache, headache, loss of appetite. I could not sleep and would walk the floor almost overy night.

"I had three doctors and got no better, and life was a burden. I was advised to try Lydia E. Pinkham's Vegetable Compound, and it has worked wonders for me.

"I am a well woman, my nervousness is all gone and my friends say I look ten years younger."

Will not the volumes of letters from women made strong by Lydia E. Pinkham's Vegetable Compound convince all women of its virtues? Surely you cannot wish to remain sick and weak and discouraged, exhausted each day, when you can be as easily cured as other women.

"I am a woll women of its virtues? Surely you cannot wish to remain sick and weak and discouraged, exhausted each day, when you can be as easily cured as other women.

# BLOOD POVERTY

The Greatest of All Afflictions, Breaks Down the Health and Invites Disease.

Blood poverty, or Anaemia, is due to a lack of health-giving properties in the blood. Instead of being rich, strong and pure, it has become infected with some poison or germ which has destroyed the rich, red corpuscles that furnish nutriment and strength to the body, and is reduced to such a weak, watery state that it is no longer able to keep the system in health or ward off the countless diseases that daily assail it.

Every part of the body is dependent on the blood for nourishment and strength, and when this vital stream of life becomes impoverished and run-down, the effect is quickly shown. The destroying of the red corpus-HEALTH ALMOST BROKEN DOWN. cles takes the color and glow of health from Gentlemen: For several years I was a sick man. Just what was the matter I do not know, but I do know I was the cheek, and we see pale, sallow faces,

broken-down condition of the health. Blood poverty is often an inheritance, parents transmitting it to their children, and those so afflicted live a life of suffering and disease. They do not possess the natural energies that belong to their more fortunate companions who are blessed with a healthy, strong blood supply; they have weak bodies, soft, flabby muscles, brittle bones, often weak eyes and scrofulous affections of various kinds. They are also more susceptible to Catarrh, Rheumatism and

chalky, washed-out complexions, diseased

bodies, weak constitutions and a general

other blood troubles, because their blood does not possess the strength and vigor necessary to purge the system of the poisons and impurities which produce these diseases.

Wooster, Ohio.

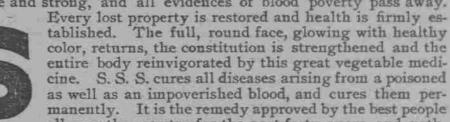

what was the matter I do not know, but indeed a sick man and could get nothing that would bring me out. Last winter my trouble was at its worst. I was unable to work for several months, lost in fiesh, had no ambition or energy whatever, and was extremely nervous. I really became alarmed about my condition. I asked a friend of mine what I should do. He told me S. S. S. had done him a world of good

friend of mine what I should do. He told me S. S. S. had done him a world of good in some chronic trouble and strongly advised me to begin it. I did so. Imagine my glad surprise to find I was actually improving after using a few bottles of the medicine. Of course I continued with the medicine, with the result that it put me on my fest again and made me a well man. My blood had gotten

feet again and made me a well man. My blood had gotten very poor and weak, and I would have broken down and lost my health entirely had I not taken S. S. S.

Long continued sickness is another cause of blood poverty. The blood becomes infected with the germs of disease, and when the body begins its work of recuperation and building back to health, the blood, because of its impoverished condition, is unable to furnish the system with the nourishment and strength necessary, and Old Sores or Ulcers, Skin diseases or some other blood disorder follows. Persons whose blood is poor and weak will find that if the trouble is not corrected there will be some serious blood disease later in life.

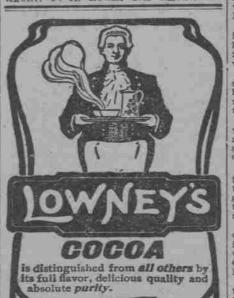

When the system is suffering from blood poverty it is in a very weakened condition and should be treated with a remedy that is not only thorough, but very gentle in its action. This is one of the qualities possessed by S. S. S.; it is made entirely from roots, herbs and barks, and contains no strong minerals or harmful drugs to further derange or damage the health. It is the greatest of all blood medicines. S. S. S. not only purifies the blood of any and all poisons and germs, but gives it tone and vigor to supply the entire system with strength and nourishment. It carries to the blood the health-giving qualities it needs, and by its use it is made rich, pure and strong, and all evidences of blood poverty pass away.

all over the country for the past forty years, and nothing equals it in the treatment of blood poverty. Write for our book on the blood, and if you are suffering from any blood trouble our physicians will give you any special medical advice you wish. No charge is made for the book or advice.
